PEDIPRO[®]
Deluxe

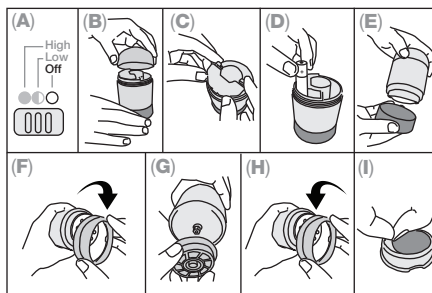

JML

Instructions

To fit batteries (batteries are not included):

- Ensure power setting (A) is set to off
- Unscrew the top of Pedi Pro Deluxe® (B)
- Remove battery lid by lifting the tabs (C)
- Insert 4 new 1.5V AA batteries, carefully matching the plus and minus signs correctly (D)
- Place battery lid back onto the unit and screw back on

Instructions for first time use:

- Remove silver lid (E)
- Peel off the blue protecting film
- To the side of the Pedi Pro Deluxe®, turn the tab to the first setting low (A)
- Increase to the second setting once you are comfortable using Pedi Pro Deluxe®

To change steel blade to buffing disc:

- Remove the silver lid (E)
- Twist the pink protective plate clockwise on the Pedi Pro Deluxe® and remove (F)
- Pull off the steel blade and shaving tray (G) to reveal the rotary head while taking care to not accidentally switch on (remove batteries first if necessary)
- Place the buffing disc onto the rotary head
- Re-attach the pink protective plate onto the Pedi Pro Deluxe® and lock by twisting anti-clockwise (H)
- Turn the Pedi Pro Deluxe® onto the first setting, then adjust settings accordingly

Cleaning and maintenance

- To wash the steel blade and empty out the waste, first remove the silver lid
- Twist the pink protective plate clockwise on the Pedi Pro Deluxe® and remove (F)
- Pull off the steel blade and shaving tray (G)
- Twist the blade cap anti-clockwise and lift away from the shaving tray, while taking care not to spill any of the shavings held in the tray
- Dispose of the shavings and then wash with the blade in warm soapy water
- If needed, clean the buffing pad with a damp cloth. Take care not to get the exfoliating pad wet
- Allow to dry completely before re-assembling

To replace buffing pad:

- Peel back the existing buffing pad carefully from the buffer head. Work your fingernail under the pad to ease off (I)
- Un-peel the white backing off the new buffing pad
- Stick carefully to the buffer head
- Place the buffing disc onto the unit as per the instructions above
