- 1 x User Manual
- Spare Parts

Specifications

Material: Stainless Steel
Weight: 90.5g
Size: 28 x 70mm
Capacity: 6ml
Thread: 510

User Manual Schematic Diagram

How to fill with e-liquid:

1. Hold the tank with one of your hands, and use the other to press top cap and move it counter clockwise.

2. Add e-liquid through the slot, and pay attention not to drip into the chimney.

3. Close the cap carefully and firmly. Then let it stand for several minutes to let the organic cotton saturate completely.

Replace atomizer core:

First, unscrew the base, then unscrew the coil head from the base plate, then secure your new coil head onto the base plate (ensure that it is screwed in securely), finally screw the new coil head into the chimney and you're ready to prime your new coil head.

Control air input:

Rotate the bottom adjustable airflow system to control air input.

Adjustable Airflow Ring

Connect With Mod

Screw the tank to a Mod via the 510 connection, and then power on the battery to start vaping.

Warnings

1. Please read the manual carefully before vaping.
2. Please make sure the spring-loaded connector is not blocked before installing an atomizer, in order to ensure a solid connection and potential airflow restriction.
3. Please do not store liquid inside the tank if it is not going to be used for a long period.
4. Please refill the tank when the e-liquid is nearly used out to avoid dry-burning of the atomizer.
5. Please do not drop, throw or mishandle this product as the outer shell or inner components may be damaged.
6. Please keep away from excessive temperature and humid environments in order to prolong the life of your product.
7. Please keep this product away from children and pregnant women.

LEGAL DISCLAIMER

Underage sale is prohibited. Depending on your country/region legal smoking age. 18+ and over 21+ in other countries/regions.

WARNING

This product is not intended for use by persons under legal smoking age, nonsmokers, women who are pregnant or breastfeeding, or persons with or at risk of heart disease, high blood pressure, diabetes, or taking medicine for depression or asthma.
