- JP** ペアリングする

Step1:

Long press it for 4 seconds to enter pairing mode during shutdown. Meanwhile, the red and blue indicator lights flash alternately. Turn on the Bluetooth of the mobile phone, search the Bluetooth device and find "Mpow H7" in the list to connect it.

Bei ausgeschaltetem Zustand drücken Sie es für 4s, rote und blaue Licht blinken abwechselnd. Schalten Sie das Bluetooth des Handys ein, Bluetooth-Gerät zu suchen, "Mpow H7" in der Liste auswählen und es verbinden.

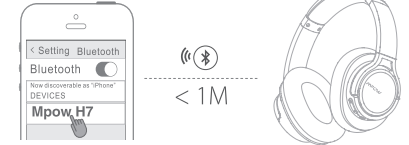

Appuyez longuement sur cette touche pendant 4 secondes pour passer en mode de couplage pendant l'arrêt. Pendant ce temps, les voyants rouge et bleu clignotent alternativement. Allumez le Bluetooth du téléphone mobile, recherchez l'appareil Bluetooth et trouvez "Mpow H7" dans la liste pour le connecter.

Manténgalo pulsado durante 4 segundos para ingresar al modo de sincronización durante el apagado. Mientras tanto, las luces indicadores rojas y azules parpadean alternativamente. Encienda el Bluetooth del teléfono móvil, busque el dispositivo Bluetooth y busque "Mpow H7" en la lista para conectarlo.

Premere a lungo per 4 secondi per attivare la modalità di collegamento durante lo stato di spegnimento. Nel frattempo, l'indicatore rosso e blu lampeggiano alternativamente. Accendere il Bluetooth del telefono cellulare, cercare il dispositivo Bluetooth e trovare "Mpow H7" nella lista per collegarlo.

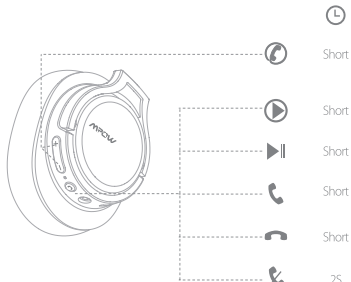

電源が切れている状態でPOWERボタンを約4秒押し続けます。ランプの青と赤が交互に点滅していることをご確認ください。携帯電話のBluetooth機能をオンにしてください。検索の結果に「Mpow H7」を選択してください。

⑦ Charge Battery

Fcc Statement

Operation is subject to the following three conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
- (3) This device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Note:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
