

Assembly instructions for the top section of the model, including steps 1 through 14. The instructions are provided in multiple languages: English, German, French, Italian, Spanish, Dutch, Polish, Czech, Slovak, Hungarian, Russian, Ukrainian, Belarusian, and Chinese. Each step includes a numbered diagram showing the assembly process and a list of parts to be used. The parts are labeled with numbers and names in the respective languages. The instructions are organized into columns, with each column containing a step number and the corresponding assembly instructions. The diagrams show the assembly of the top section of the model, including the installation of the top rail, the assembly of the top frame, and the installation of the top panels. The instructions are clear and easy to follow, with detailed diagrams and part lists for each step.

Assembly instructions for the middle section of the model, including steps 15 through 30. The instructions are provided in multiple languages: English, German, French, Italian, Spanish, Dutch, Polish, Czech, Slovak, Hungarian, Russian, Ukrainian, Belarusian, and Chinese. Each step includes a numbered diagram showing the assembly process and a list of parts to be used. The parts are labeled with numbers and names in the respective languages. The instructions are organized into columns, with each column containing a step number and the corresponding assembly instructions. The diagrams show the assembly of the middle section of the model, including the installation of the middle rail, the assembly of the middle frame, and the installation of the middle panels. The instructions are clear and easy to follow, with detailed diagrams and part lists for each step.

Assembly instructions for the bottom section of the model, including steps 31 through 35. The instructions are provided in multiple languages: English, German, French, Italian, Spanish, Dutch, Polish, Czech, Slovak, Hungarian, Russian, Ukrainian, Belarusian, and Chinese. Each step includes a numbered diagram showing the assembly process and a list of parts to be used. The parts are labeled with numbers and names in the respective languages. The instructions are organized into columns, with each column containing a step number and the corresponding assembly instructions. The diagrams show the assembly of the bottom section of the model, including the installation of the bottom rail, the assembly of the bottom frame, and the installation of the bottom panels. The instructions are clear and easy to follow, with detailed diagrams and part lists for each step.
